3 rue Docteur Ollier
69100 Villeurbanne FRANCE

Jan. 2012 until Today – Senior Technology Consultant @ **KRDS, France / India**

Internal Tech Consultant at **KRDS**, France's leading Social and Mobile Agency. Counting over 100 employees throughout Europe and Asia, KRDS has only had triple-digit annual growth rates since its creation in 2008.

I have had the opportunity to work for some of the biggest International and French brands, including Coca-cola, Samsung, Peugeot, L'Oreal, Dior, Air France and many more. Some kills and tasks involve:

- + **Providing technical training** for the sales department, project managers & developers
- + **Pre-sales** feasibility studies, R&D, proof of concepts, quotes and estimates
- + Writing thorough **technical documentation** prior to project kick-offs
- + **Technical project management**
- + **Architecting and developing** social-connected web applications & RESTful APIs
- + **Training** a team of around 20 developers in India, on-site and from a distance
- + Pre- and post-production **code reviews**

{ PHP | NodeJS | Websockets | MySQL | PDO | HTML5 | CSS3 | JS | jQuery | RequireJS | CodeIgniter | Kohana | ... }

2010 until 2011 – Lead developer @ **Orange Business Services, France**

I was in charge of Code Quality and Continuous Integration for **France Telecom's** National Technical Head Department. I also architected and developed Intranet applications for the Head Department of IT at France Telecom. These applications served various purposes. From easing pooling processes for optic fiber deployment, to managing the portability of professional phone lines and monitoring the deployment of fiber connections to end-users.

{ PHP | Zend Framework | Symfony | MySQL | Doctrine | HTML5 | CSS3 | JS | jQuery | RequireJS | CodeIgniter | ... }

2009 until 2010 – 12-month Internship @ **Orange Business Services, France**

Architecture & development of a multimedia Wifi platform, embedded on a public bus line

2006 – 6-month Internship @ **Surperformance, France**

Design, architecture & development of a discussion board on zonebourse.com

2003, 2004, 2006 – Multiple 1-month contracts @ **AEES**

Design, architecture & development of aees.fr, sofisme.com, and eclairage-secure.com

Master in Computer Science and Information Systems
2004 – 2009 @ **SUPINFO Lyon**

Baccalauréat Scientifique (Physics specialty)
2004 (17 yrs old) @ **Lycée Charles de Foucauld, Lyon**

Skydiving, rollerblading, badminton
